

SAGAR MAURYA

✉ sagarmaurya010@gmail.com  linkedin.com/in/mauryasagar  github.com/mauryasagar

CSE undergraduate with a foundation in Python, JavaScript and React.js, hands-on exposure to product design through E-Cell, IIT Guwahati. Ranked 7th at AZeotropy'26, Optimiser challenge, IIT Bombay.

Experience

Data Analyst Trainee (Internship)

Jun 2026 – Jul 2026

NIELIT, Lucknow (Online)

- Completed a 90-hour Data Analyst Trainee internship covering **Advanced Excel, SQL, Python**, and **Power BI**.
- Ran exploratory data analysis on a **Spotify user churn dataset** in Python/Pandas – cleaning data, handling file I/O, and generating charts to report churn patterns.
- Practiced dashboard development and business reporting as part of the program's practical, industry-oriented assignments.

Projects

Student Marks Analysis Dashboard | *Python, pandas, matplotlib, Streamlit* | [GitHub](#)

2026

- Built an **interactive dashboard** to process student marks datasets, automatically calculating totals, averages, and pass/fail status per student.
- Engineered data transformation logic using **pandas apply()** and lambda functions, and visualized performance trends with **matplotlib**.
- Shipped the app to **Streamlit Community Cloud** for zero-setup public access, and documented setup and structure in a **GitHub README**.

FinGuide AI | *User Research, UX Design* | *E-Cell, IIT Guwahati*

2026

- Worked on **FinGuide AI**, an intelligent financial guidance product, during the **Design Summer Project 2026** organized by the Entrepreneurship Cell, IIT Guwahati.
- Practiced **user research** to surface real pain points in personal-finance guidance and converted those insights into **UX design** directions.
- Focused on building **transparent, human-centered financial experiences** where intelligent assistance feels clear, explainable, and trustworthy.

Skills & Certificates

Programming Languages: Python, JavaScript, HTML, CSS

Frameworks & Libraries: React, Node.js, pandas, matplotlib, scikit-learn

Databases: MySQL, SQL

Design Exposure: User Research, UX Design

Tools & Platforms: Git, GitHub, VS Code, Streamlit, Bright Data

- **Python Skill Up** – GeeksforGeeks × Nation SkillUp (2025)
- **Web Development Certificate** – Internshala (2024): 8-week training in HTML, CSS, JavaScript, React, DBMS, and AI in Web Development.

Education

B.Tech – Computer Science & Engineering

2023 – 2027

Institute of Technology and Management, GIDA, Gorakhpur, Uttar Pradesh

Achievements

- **Rank 7 (Top 10) @ AZeotropy'26**, IIT Bombay — Built a quadratic surrogate model in Python (scikit-learn, SciPy) that converged to the global optimum in 14 of 20 simulator queries, earning the query-efficiency bonus.
- **Top Learner** — Google Cloud × Hack2skill Gen AI Academy 2025; received Google Cloud branded kit as appreciation.
